## **Homage from Father Suresh**

Care, Concern and commitment  
Are the loving characters of Dr Claire  
The lesson from Her selfless sacrifice and contentment  
Will never diminish forever, for sure  
She told “not only out of charity is her service  
Working for the suffering and poor  
Is out of Justice and for Peace”  
In all the problems and struggles we suffer  
Enough to look at Her face and make them ease  
Her smile brought us strength and hope  
Now she lays in eternal peace  
Has created a gulf of hallow gape  
When she decided to leave us  
To Belgium her home  
Her Indian family felt the lose  
In our active life as end of game  
In Her found the source of inspiration  
“Will she come back? Is our aspiration!!!  
Our eyes searches our guide, facilitator and friend  
In whom we take refuge will never end  
Ho... so sad over the faces darkened  
All over Anandhapuram  
They feel the loss of their light of loving spectrum  
So long so many pains we never bother  
Now we suffer like child who lose the mother  
With Her we felt the presence God  
To express her absence we find no word  
May Her spirit fill and shower upon us  
She will continue to intercede from above and bless  
Our heart says She will never diminish  
As long as we make Her ministry flourish
